

Our School Mission is what God sent us into the world to do – to help build His kingdom through learning, playing and making friends together.

The tools we will use to do this are:

Loving, Caring, Sharing, Trusting, Respect.

Our theme for reflection this week was 'new beginnings'. We discussed times that we have had new beginnings and how it has made us feel.

RE: We explored our school values and talked about how we can show these values in our school. We have started to think about our class saint.

Maths: The children have begun to do their daily arithmetic and have been consolidating their learning from Year 2. We have also begun our Place Value unit.

English: We have explored different books within the classroom and focussed on reading for pleasure throughout the week. We are ready to start our new book next week.

Geography: This week, the children explored on a map and located where they have been to visit.

This week we celebrated Emily, Logan and Benjamin for their hard work and determination. They have shown the school values consistently throughout the week. We also celebrated Tala for her reading challenge over the holidays.

Teacher message:

Thank you for all your support over the first week. I am very much looking forward to working with you all this year.

I am currently looking for a volunteer to come in and talk about how they make a difference to people, animals or our planet for our RE lesson. If this relates to you in any way and you feel comfortable to talk in front of the class. Please do let me know and we would love to arrange for you to share your amazing contributions to the world.
