

Friday 25th September 2026 – Hobbits' Newsletter

Our School Mission is what God sent us into the world to do – to help build His kingdom through learning, playing and making friends together.

The tools we will use to do this are:

Loving, Caring, Sharing, Trusting, Respect.

Our theme for reflection this week was 'care'. We talked about how we care for ourselves, others and all of God's creation.

RE: This week we started to think about Catholic Social Teachings with a focus on human dignity. We also celebrated Stella Maris Feast day together.

Maths: The children have completed their first unit in maths all about Place Value.

English: In English, we finished our plan for our first big write of year 3. The children will continue this next week.

PSHE: We have been exploring what British Values are and have focussed on mutual respect.

This week we celebrated Tommy and Ema for their consistent hard work in lesson. They are always trying their best and showing excellent learning behaviours.

Teacher message:

Our class attendance this week: 95%

We would love to invite you in for a DT workshop on Tuesday 13th October. It will start at 1:30pm. Please start to collect resources for this.

I will leave some key dates on the window for you to look at whilst you're waiting outside the classroom as there are lots of upcoming Year 3 events.

Have a lovely weekend and see you all next week.
