

Pixies homework grid – Term 1

Please hand your homework in on a **Wednesday** (or before!)

Please pick one homework to do each week. Homework books will be handed back on **Friday**.

Counting forwards and backwards to 20

Please practise counting forwards and backwards to 20. Maybe you could count as you go up and down the stairs, at home or in shops. You could count how many steps it takes you to get somewhere.

Read for 5 to 10 minutes a day please!

Choose one of these homework activities each week

Maths

Cut out numbers to 10 and play a missing number game with someone at home. You can extend this activity by using numbers 1 to 20.

Science

How many different types of materials can you find in your house? Draw the object, write its name and the material that it is made from.

Art

Tell a grown up about the artist Corey Barksdale. Where does he come from? What kind of art does he make? Talk about the colours that he uses. Create an artwork in the style of Corey Barksdale.

Computing

What bits of technology can you find around your house? Draw and label what you find.

PSHE

Draw a picture or write about a special person in your life, someone you can trust.

RE-Catholic Social Teaching

This term we will be thinking about Stewardship (taking care of God's world) in our RE learning and across the school. Think about what you could do to look after our beautiful world and create a collage of all the things that make you go wow in our world.

English

Can you draw one of the characters we have met so far in The Story Tree? Write the name of the character underneath and we can put your picture on our Story Tree board.

An idea of your own!

Make something?
Bake something?
Write something?

Geography

Using materials of your choice, could be junk modelling or paper and pens, create a map of Folkestone. Add places that you visit.
